

***April 15, 2019***

The transformation of the disciples of Jesus Christ may well be the greatest evidence of all for the resurrection. It was the resurrection that transformed Peter's fear into courage and James' doubt into faith. It was the resurrection which changed Saul the Pharisee into the Paul the apostle and turned his persecuting into preaching. It is also the resurrection that changes you from sinner to saint. And that is one more reason to celebrate the resurrection of Christ.
